Work-integrated Learning (WIL) Questions in Subject Outlines 2024

Work-integrated Learning (WIL) is the integration of theory and the authentic, meaningful practice of work with an Industry or community partner embedded within the curriculum and related to student's study, career development, and citizenship.

1	2	3	4	5
Placements	**Projects**	**Fieldwork**	**Simulation/virtual**	**Other**
• Internships • Service Learning • Mandatory Professional Practicum/Clinical Placement	• Community and Industry Projects	• Fieldwork	• Simulation • Virtual	• Entrepreneurship

As of 202430, the **Subject Outline Tool** tracks Industry involvement in our curriculum design and delivery, and work-integrated learning activities.

NOTE: any information put into the subject outline tool is public facing.

As part of our National Priority Industry Linkage Fund (NPILF), we are required to collect Industry engagement information. In addition to our WIL activities, we are reporting on Industry involvement in curriculum design and delivery, including:

➤ Where there are guest lectures with Industry Partners

➤ Whether Industry Partners are involved in subject design (or potentially where/when)

➤ Whether there are any other instances in your subject involving students engaging with Industry Partners (eg. interviewing Industry Partners for assessment)

➤ Whether Industry Partners are involved in the subject delivery

The detailed questions and screenshots from the Subject Outline Tool can be found on page two of this resource.

For any questions regarding the Industry involvement questions in the Subject Outline Tool, please contact the WIL Strategy Team on **wil-strategy@csu.edu.au**.

For example – the below screenshot outlines how the questions look in the Subject Outline Tool:

💬 **Do you have guest lectures with Industry Partners?** *

○ Yes but not known at this stage

◉ Yes and if known please include details (If multiple, separate by commas) ✕

○ No

Fill In Text *

ABC, whoever

ABC, whoever is the scheduled guest lecturer/s in this subject.

NOTE: what you type in under **"fill in text"** will be displayed in the Subject Outline Tool using that exact text

💬 **Are Industry Partners involved in subject design?** *

○ Yes but not known at this stage

○ Yes and if known please include details (If multiple, separate by commas)

◉ No ✕

💬 **Are Industry Partners involved in subject delivery?** *

○ Yes but not known at this stage

◉ Yes and if known please include details (If multiple, separate by commas) ✕

○ No

Fill In Text *

My Learning, IBM CEO

My Learning, IBM CEO will assist in the delivery of this subject.

NOTE: what you type in under **"fill in text"** will be displayed in the Subject Outline Tool using that exact text

💬 **Will students engage with industry partners as part of this subject? (eg. Interviewing an industry partner for assessment)** *
