

An Abridged Guide to Genealogical Resources at CSU Regional Archives

[Source: Ross Family Papers, RW91/78]

An Abridged Guide to Genealogical Sources at CSU Regional Archives

An Abridged Guide to Genealogical Sources was devised to give researchers a brief overview to some of the genealogical sources held in Charles Sturt University Regional Archives.

This is by no means a complete listing of family history sources at CSU Regional Archives.

The guide offers a number of the more common genealogical categories, such as Births, Deaths and Marriages, Immigration - Shipping Records and Convict Records. The relevant series, item and location numbers can be found under each category. Please note that MD refers to Microfiche Drawers and NPD directs researchers to the Newspaper Drawers.

An Abridged Guide includes references to the Archives Resources Kit (ARK), as issued by State Records NSW. Microform series that form part of this kit are identified with an ARK prefix before the reel and fiche numbers. Indication will be given to microfiche and microfilm sources that cover areas outside New South Wales.

More information about the CSU Regional Archives is available online at
www.csu.edu.au/research/archives.
