## Connection series

*Bringing our community together*

### Connecting our community It's what we do

We can't believe that it is April already. Campuses are abuzz with students which is a lovely sight and sound and we are pleased to announce that Graduations are back; both for our future graduates, but also the 2020 cohort!

Our Connection Series aims to keep our Alumni connected to each other and the University. Our April edition features stories on some of our Alumni making a real impact within their communities, information on upcoming Reunions and our Alumni Awards; which launch this month.

#### **Making a difference**

**Scholarship ceremonies get the go ahead**

As many of our alumni were fortunate recipients of one of the many scholarships offered at Charles Sturt; we are excited to announce that our scholarship ceremonies have been given the go ahead for 2021.

### **Australia Library and Information Association are dedicated to supporting students**

ALIA have announced that they will be supporting an additional scholarship in 2021, which demonstrates their commitment to making a difference to our current students. This generosity will allow two students the opportunity to receive \$5,000 each. ALIA seeks to empower the Library and Information Services Sector profession through the development, promotion and delivery of quality library and information services to the nation, through leadership, advocacy and mutual professional support. Their scholarship supports Aboriginal, Torres Strait Islander and South Sea Islander School of Information Studies students to gain ALIA Accredited Library and Information Science qualifications.

ALIA represents one of more than 300 scholarships awarded each year through the Charles Sturt Foundation Trust. [We'd love to hear from any of our past scholarship recipients](#), to learn the impact the scholarship has had on you.

### **Our Alumni making an impact - *Alumnigive* Scholarship**

We also have a Charles Sturt University Alumni Scholarship. This is funded by the generosity of you, our Alumni. This is another way that many Alumni give back through our *Alumnigive* program. [Read more or donate here](#).
