

Study the Bachelor of Health and Medical Science

Diverse career opportunities

Why work in healthcare?

- Healthcare is Australia's largest and fastest-growing industry. The health sector is predicted to account for nearly 28% of new jobs by 2023.
- Improve the health of your community. Work to reduce health disparities and help individuals and communities to lead fuller, healthier and happier lives.
- Regional and rural Australia needs qualified health professionals. Prepare yourself for these in-demand health roles and be part of the future of regional and rural health.
- Get solid grounding in a range of health-related fields. You'll find endless opportunities to suit your passions and interests.
- Charles Sturt knows health education. With 40 years of experience delivering health education and over 28,000 health graduates, you're in safe hands at Charles Sturt.

We're #1 in Australia for grads who get jobs - and have been for six years running. In fact, 85% of our undergrads get full-time employment within 4 months of graduating.*
