

Work Placement Position

WheelEasy: Access Information Information Manager

WheelEasy is a charity dedicated to improving access to leisure activities for wheelchair users and their companions by providing information about wheelchair-friendly locations and activities. WheelEasy is Australia's leading accessibility-focused travel platform. Designed to empower people of all abilities.

WheelEasy provides a user-friendly platform where individuals can discover, share, and contribute accessibility information for public spaces, travel destinations, and venues. By fostering inclusivity, the platform aims to make exploring Australia easier for everyone, from wheelchair users to families with prams and beyond.

Further information:

- Objective: Collect and compile detailed information on accessible venues, shops, landmarks, public spaces, parks, stations, accessible toilets, and accessible parking to create a valuable online database and website resource.

Responsibilities:

- Compile and update comprehensive accessibility information for a wide range of locations, including leisure destinations, public spaces, etc.
- Conduct quality checks on a geo-located web app.
- Gather feedback from the WheelEasy community.
- Collaborate with external organisations to expand data coverage and accuracy.

- Outcome: A publicly accessible resource providing accessibility information for individuals with mobility impairments across Australia, covering a broad spectrum of locations including commercial and public areas.

How to apply: Email cover letter and résumé to Paula Martin (paula@wheeleasy.org)

Closing date: Open until filled
