

LEAP INTO LEARNING

Transition to School Program

The BECIS "Leap Into Learning" Transition to School Program is a fun and structured program run by specialist ECEI Teachers. The program gives children the opportunity to practise skills needed for school while also developing self-confidence and friendships with peers.

The Transition to School Program will help your child to:

- Follow a routine
- Recognise their name
- Identify colours, shapes and numbers
- Pre-writing skill development
- Listen to and follow directions
- Build on attention and perseverance to complete a task
- Participate in a variety of individual and group activities
- Develop independence and self-care skills
- Communicate and play with peers
- Sensory and emotional regulation

The Transition to School program routine will include:

- Warming up our bodies and minds to help us engage in learning
- Fun and creative individual and group activities to facilitate development of language, communication, motor, social, Independent skills, cognitive and emotional development
- Snack time
- Group story, music and movement

**The program consists of small groups of 4-6 children and will run for
8 x 1.5 hour weekly sessions during school terms.**

- *Prior to commencement of the program, your BECIS Early Childhood Early Intervention Teacher will arrange a meeting with you (phone or consultation at BECIS) to discuss your child's interests, strengths and goals so that an individualised program can be developed.*

Additional services recommended to complement the Transition to School program

- Additional consultation meetings - Individual parent meeting times may be arranged in consultation with the ECEI teacher.
- Transition to School Profile - A detailed report including a summary of your child's interests, skills, abilities and teaching strategies to support your child on their learning journey. This profile can be shared with the school so that teachers will be able to develop appropriate programs to nurture your child's learning and development.
- Transition to School Pack - Social stories, strategies and visuals to support your child on their learning journey and to help in planning for a smooth transition.
- Consultation within the school setting - Your ECEI Teacher is able to support you and your child during the Transition to school process, which may include consultation with school staff and supporting your child during school orientation programs.

NDIS and fee paying options available
