### Spatial Data Analysis Network (SPAN) – how can they help you?

The **Spatial Data Analysis Network (SPAN)** is a research support unit within the Research Office at Charles Sturt University.

SPAN's primary role is to support research across all faculties and schools of the university with:

- Geographic Information Systems (GIS) – mapping and data visualisation
- Remote Sensing – multi and hyperspectral, LiDAR and thermal image analysis, satellite imagery
- Spatial Statistics
- Survey planning and questionnaire design and implementation

SPAN acts as a digital data repository and supplier, providing access to, and the processing and interpretation of, large digital data sets. They also offer a vast range of hardware and software resources.

SPAN can help you:

- Establish methodology for research projects
- Find data you need for your research
- Analyse your data for patterns (spatial and aspatial)

- Visualise and present data and research results effectively
- Access, training and use of GIS software
- Access, training and use of Remote Sensing / Image processing software
- Access and use R statistical software
- Access and use MatLab simulation and modelling software
- Access 'Ada' high performance computer
- Formulate survey methodologies, design questionnaires and implement on line surveys

SPAN also prints conference posters up to 1m wide and metres long (continuous roll) on **cotton or silk fabrics** (ideal for overseas travel) or Tyvek at very competitive rates.

#### *How to obtain SPAN assistance for your research –*

Phone Gail Fuller on 69332004 (internal 32004) or email [gfuller@csu.edu.au](mailto:gfuller@csu.edu.au) to discuss your project and your requirements.

#### *How to borrow equipment or software –*

Use the booking form from the SPAN website <http://www.csu.edu.au/research/span/>

Go to the Research Computer System page and 'Access research computer system' link or phone SPAN on 32165.

#### **HOW MUCH DOES ALL THIS SUPPORT COST?**

### **THE BEST NEWS – IT COSTS YOU \$0**

**3MT® @ CSU is coming soon – GET READY!**

Do you want your research to change the world? Lead to a post-doc or an industry job? Be reported in the news? Or just simply be understood by your family and friends?

### **The Asia-Pacific Three Minute Thesis (3MT) competition**

is an academic competition that challenges PhD students to describe their research within three minutes to a general audience. 3MT celebrates the discoveries made by research students and encourages their skill in communicating the importance of research to the broader community.

The winning candidate will go on to compete in the 2019 Asia-Pacific 3MT Competition held in Brisbane on Friday 4 October, 2019.

For more information about last year's event please click [here](#) and you can find information about how to win 3MT [here](#)

Further information about how you can participate will be announced in the next couple of weeks!

## ○ Travel Assistance Grants

The Research Office offers Travel Support for HDR candidates. The scheme includes two categories of grants:

- Conference Travel
  - The Conference Travel Grant provides financial assistance to HDR Students to attend an academic conference and present their work during the course of their candidature.
- Equity Travel
  - The Equity Grant is open to those who can demonstrate financial need e.g. geographical isolation, restricted access to other, funding opportunities. It provides funding for the following activities:
    - data collection, including conducting interviews in a field location,
    - travel to utilise equipment or resources not available at CSU,
    - access specialist archives, museums, libraries and galleries,
    - travel for required consultation with supervisor(s).

Visit the Research Office webpage [here](#) for scheme Guidelines. Applications will be considered by the Faculty Sub-Dean Graduate Studies and approved by the Director of Research. There is a limited amount of funds allocated per year, and therefore, grants will only be awarded if funding is available.

### Linkage Infrastructure and Equipment (LIEF) Register

The **LIEF Register** summarises the infrastructure, equipment and facilities which have been funded under the LIEF scheme. The register will aid researchers interested in requesting funding under the LIEF scheme to prevent duplicative applications by identifying any already existing infrastructure, and will facilitate the coordination of access to equipment through direct contact with the relevant organisation.

Researchers who are interested in applying for funding under the LIEF scheme for new infrastructure should first refer to the LIEF Register to ascertain whether the infrastructure is warranted, either due to non-existence or non-availability.

Researchers interested in obtaining access to specific existing infrastructure should contact the relevant organisation directly.

LIEF – Linkage Infrastructure and Equipment Fund – comes in under the ARC and essentially funds

- infrastructure, equipment and facility purchases, construction and installation
- salaries directly associated with creating and installing infrastructure, equipment or facilities
- consortium membership costs, in the case of Australia's participation in the use of significant international-scale or national research facilities
- specialised computing/data facilities and software
- compilations, catalogues, clearing houses or bibliographies.

On this page <https://www.arc.gov.au/grants/linkage-program/linkage-infrastructure-equipment-and-facilities> you can find further information in relation to LIEF.

## Funding Opportunities

### Australian Collaborative Education Network (ACEN) Research Grants – Information session 4 April

As announced in last week's bulletin, ACEN is offering funding for three Work Integrated Learning (WIL) research grants up to \$10,000 each.

Applications are invited on topics related to one of the following themes identified through [National WIL Strategy](#) and the 2018 ACEN National Research Symposium.

- Innovative and scalable WIL models
- WIL and global mobility
- Leadership in WIL
- Digital technology enabling WIL
- Building learner agency and professional identity through WIL
- WIL practices supporting diverse learners

### [Application details](#)

ACEN is excited to announce additional support for emerging WIL researchers. One of these initiatives is the provision of two new research grants of \$5,000 for Early Career Researchers (ECRs) from this year.

### [Details of new ECR Grants](#)

An information session on the research grants will be held via **Zoom 12.00-1.00pm on Thursday 4 April, 2019 AEDT**. We'll send you details just prior.

### Aboriginal and Torres Strait Islander Scientist Travelling Research Award

Offered by Australian Academy of Science, AU, this supports the growth of Aboriginal and Torres Strait Islander scientists' research networks through visits to relevant international centres of research in the field of natural sciences. The award recognises research in the natural sciences, allowing interdisciplinary and sociocultural research that could straddle the social sciences and humanities, by outstanding Aboriginal and Torres Strait Islander **PhD students and early- and mid-career scientists**. It aims to support the expansion and growth of their research networks and international knowledge exchange through visits to relevant international centres of research. Two annual awards of **\$5500** are planned, with additional support provided to attend the Academy's Annual Science at the Shine Dome event. Applications close **1 June**.

### Supervisors - A session for you ...

Do your students ever feel stressed or anxious, do they ever seem lost, are you ever concerned for their well-being?

Dr Shaunagh Foy is one of CSU's student Counsellors and is presenting a lunch-time session for Supervisors tomorrow. This session will help guide you in having supportive conversations, as well as setting boundaries, how to respond to stressed or anxious students, and making appropriate referrals. We explore a variety of situations and welcome questions.

Check the PD calendar to register - Tuesday 12th March. 1230-1.30pm.

### What are your perspectives and experiences of the research culture at CSU?

You are invited to participate in an online survey about [your perspectives and experiences of the research culture at CSU](#). We are particularly interested in your viewpoints on how CSU promotes and supports a culture of integrity and responsible conduct in research. Your responses will inform a broader project aimed at ensuring that CSU promotes and values integrity in all aspects of research.

This project is being conducted by A/Prof Gayle Smythe and A/Prof Jason White in the CSU Research Office. Participation in the survey is open to all CSU staff, is completely voluntary, and should take about 15-20 minutes to complete. The survey will be open until 5.00pm on Friday 15th March 2019. The responses you provide will be completely anonymous. Your completion of the survey will imply your consent for your responses to be used in the project. The survey has been approved by the CSU Human Research Ethics Committee (approval #19013). If you would like to participate in the survey, please read the Participant Information Sheet on the opening page of the survey, and contact the researchers if you have any questions.
