University

# Open Day 2019

Port Macquarie | Sunday 25 August

# Information Sessions and Tours

At Open Day, you'll find out what studying at Charles Sturt is really like – and find the right course and study plan for you.

There will be lots of information sessions and tours running throughout the day, so you can get to know our unique study spaces and facilities, and the futureproof courses we offer.

Our friendly staff will present information sessions on all aspects of uni life – including general information (like succeeding at uni, admission pathways and student life) and course-specific presentations (like agriculture, media, social work and teaching).

On the day, you can also check out our state-of-the-art facilities and learning spaces. From checking out our

paramedicine labs to getting familiar with our allied health facilities – there's something for everyone.

There will be campus tours running at different times during the day, giving you the chance to really picture yourself as a Charles Sturt student. We're offering accommodation tours too, so you can explore residences, meet current students and see what it's like to live on campus.

You can plan your Open Day using the program below!

# Expo Hub

## On Open Day, the Expo Hub is where it's at.

Here, you'll find everything you need to know about studying at Charles Sturt in one convenient location. It's where you'll go to get the lowdown on all the different elements that make up your uni experience.

Interested in living on campus? Chat to the guys at ResLife. Stressed about balancing study and life commitments? Sit down with the support services team. Want to learn more about a particular course? You can meet one-to-one with our expert lecturers and ask in-depth questions about specific courses.

You'll have the chance to meet with people from all across the uni.
