Cadet Placement Position

ORANGE CITY COUNCIL

Junior, Intermediate, Senior or Professional Cadet

Orange City Council provides services to a population of over 40,000 people within a boundary of 290km². From water to childcare, theatres to museums, airports to aquatic centres, we're here for and are part of our community.

We plan and deliver projects - both big and small - which inject over \$10 million into the Orange economy on an annual basis and have an asset portfolio worth in excess of \$1 billion.

We're part of the bigger picture – aiming to make Orange a better place to live for today and tomorrow. To find out more, visit www.orange.nsw.gov.au

Weekly Pay rate:	Junior:	\$859.02
	Intermediate:	\$927.31
	Senior:	\$1019.70
	Professional:	\$1115.28

Location: Orange City Council – Civic Centre/Depot (Dependent on area)

In this twelve-month Engineering placement at Orange City Council, you will be providing engineering assistance, whilst developing practical skills and experience in order to become an innovative and professional engineer!

You'll need to be successfully undertaking the relevant year of your engineering degree as well as have excellent organisational, planning, communication, computer and analytical skills. You'll be great in a team and have a hunger for getting involved and learning more.

Further information:

Potential Placement Areas:

Engineering Services - Strategic Design and Planning:

Provide engineering assistance and develop skills and knowledge in areas such as pavement and geometric designs, survey equipment, engineering drawings and maps, civil development engineering principles.

For more information contact: Manager Engineering Services, Jason Theakstone on 6393 8505.

Works – Transport and Assets:

Develop skills and knowledge in such areas as pavement and geometric designs, survey equipment, engineering drawings and maps, project management of civil works, and Asset Management principles. You'll also assist with data capture, interpretation and management systems. For more information contact: Transport Asset Engineer, Jason Lewis on 6393 8508.

Major Projects (Professional Only):

Assist in the delivery of Council's major capital civil projects program. Enhance your skills and knowledge in engineering design and construction and develop your project management skills.

For more information contact: Manager Operations, John Boyd on 6393 8312.
