

Automatic Connection

The room will automatically connect to the scheduled call. When this happens, the ceiling microphones will un-mute and class view camera will be activated. If you look at the touch panel it should be on 'Receive Mode'.

Manual Dial-In After Scheduled Call Ends

After the scheduled call ends, you'll need to manually connect the room to a new booking. Follow these steps:

- 1) Press **'switch to Transmit mode'**

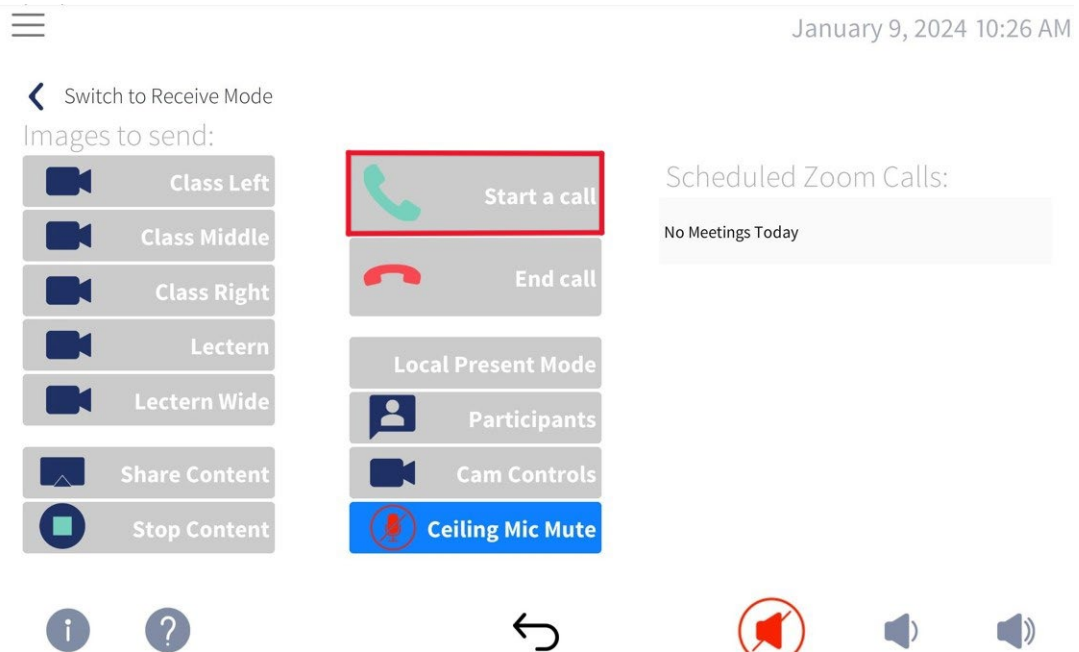

Please wait for the video conference to connect

 Ceiling Mic Mute

- 2) Press **'start a call'**

- 3) Enter the Meeting ID using the dial pad and press 'Dial Meeting ID'.

Once connected, use the main Transmit page to adjust camera presets and un-mute the ceiling microphones as needed.
