

# Personal Monitoring Devices Issue and Return Schedule for Students

v181017

The PMDs are returned for reading on a regular cycle, and the University subsequently receives the exposure reports for all personnel. All staff and students will be required to return their personal monitoring devices in person to the assigned Technical Officer or designated contact person by the due date. Where return in person is not possible, personal monitoring devices can be mailed to:

Attn: Technical Officer – Radiation Monitoring  
 Technical Support Unit
