

Division of Learning and Teaching

Course and Subject Design Development and Delivery Roles

Division of Learning and Teaching Virtual Teams

Our virtual teams have been established to provide a cohesive cross unit approach to services which include:

- educational learning design support through the course review and design process,
- learning resource development as part of subject development processes,
- learning analytic support in evaluating and refining courses and subjects and in responsive teaching,
- learning technology and other professional development and support to assist with high quality subject delivery.

Gulaay is the Wiradyuri word for 'bridge or to cross over', given by Aunty Gloria Dindima Rogers to acknowledge the work being done across the cultures.

Gulaay reflects the Division's ongoing commitment to Indigenous curriculum and cultural competency. It supports the Indigenous Australian Content in Courses Policy (2016-20) and CSU's Indigenous Education Strategy and also oversees the Indigenous Cultural Competency Program (ICCP) and the IES Collection in the DOMS.
