Welcome to workplace learning

MESSAGE FROM THE SUB-DEAN, WORKPLACE LEARNING AND ACCREDITATION

Welcome to work placement as part of your Master's degree at Charles Sturt University! Workplace Learning represents exciting opportunities for all our students, regardless of whether you are new to a business workplace environment or already have plenty of experience in the business world. Work placement is not just a critical component of your degree but as you are about to discover, it's also a very personally rewarding journey.

For our younger students work placement provides you with a fantastic opportunity to gain experience while you are still studying at university. Then when it's time to graduate, you can enter the workforce with the confidence of being work ready and having developed a range of important employability skills. Frequently we see our students being offered full-time employment as a result of their placement experience so think carefully about your choice of placement and use this time wisely to sample prospective careers.

For our older students already in the work force, placement will help you prepare for a move up the career ladder whether it be in your current job or a new one. Often placement is even more important to older students as placement provides a rare chance for professional development through upskilling, undertaking new projects, taking on higher duties or learning a different functional area of your employer's business. Ultimately placement builds your skill base, develops your resume and enables you to showcase new found abilities. In the past we have seen many of our older students achieve terrific promotions and pay rises as a direct result of undertaking placement.

The entire Workplace Learning team of professional staff, academics and management are excited to be a small part of your journey. Together we wish you successful, meaningful and gratifying placements which create a spark for lifelong learning beyond university. Embrace this unique opportunity by creating the space to learn something new and moving out of your comfort zone. The Workplace Learning team along with your lecturers are always available to provide guidance throughout the work placement process, so be sure to contact them if you have any questions.

Above all, enjoy your placement experience!

1. Why workplace learning?

Work placements provide industry with graduates who are better equipped for the workplace as well as respond to demands by students for employability skills and knowledge.

Workplace learning (WPL) involves students undertaking placement with a host organisation for the purpose of linking theoretical learning to its application in the workplace. This enables students to extend professional knowledge, enhance employability skills, reflect on and evaluate their own work practices. Workplace learning provides industry with experienced work-ready graduates.

3. How workplace learning works

3.1. Sourcing placement

Students are responsible for sourcing their own placement. The [WPL](#) team recommends sourcing potential opportunities before session begins and you should utilise personal networks to secure placement. You can undertake placement at your current workplace, in the family business or with a new organisation. Having firm arrangements before session commences can alleviate any last minute pressure.

Once you have secured a host organisation, confirm the following questions with the supervisor:

- Will I need a Working with Children check?
- Will I need an Australian Federal Police check?
- Will I need any types of vaccinations and if so, what are they?

If your host organisation does require any of the above or other checks, you should commence the application process immediately to ensure the start date is not deferred by any pending outcomes listed under [compliance](#).

3.2. Unable to find placement

The following options are available to students who experience difficulty securing placement:

- Contact your Placement Coordinator (Academic) who may be able to assist you identifying a suitable host organisation to approach.
- Contact the [WPL](#) team for further assistance.
- Students still unable to source placement should consider withdrawing before HECS census date. (refer to [Principal Dates on the Student Portal](#) for annual date) and re-enrol in a future session to enable sufficient time to source placement.

4. Compliance

On application to the program you were required to provide current National Police Checks and Working with Children Checks. Copies must be provided to the [Placement Coordinator \(Academic\)](#) via the [WPL](#) team prior to commencement of the first placement.

You need to confirm any organisation-specific compliance requirements with your supervisor. If compliance checks are required, you should initiate the application process immediately to avoid delays to the commencement of your placement. Compliance checks can take a number of weeks.

Some host organisations will require students to have cleared one or more of the following compliance checks:

WORKING WITH CHILDREN CHECK (WWCC)

A WWCC is a requirement for people who work or volunteer in child-related industries. It involves a national criminal history check and a review of findings of workplace misconduct (refer [resources](#)).

For more information on WWCC requirements in each state, refer [resources](#).

AUSTRALIAN FEDERAL POLICE CHECK (AFP)

Australian Federal Police checks can be completed online or on a downloadable form (refer [resources](#)).

Note: Compliance requirements can differ between states, ensure you have the correct compliance for the state that your placement is being conducted.

VACCINATIONS

Some placement sites will require evidence of current immunisation status. It is the student's responsibility to ensure they are compliant with placement site requirements, and the [Placement Coordinator \(Academic\)](#) will liaise with you on that matter.

5. Insurance

Insurance is provided for students of Charles Sturt University who may be undertaking an approved work placement with an external organisation. Insurance coverage is provided under the policies available on the Division of Finance website and applies whilst students are on approved placement and whilst travelling directly to and from the organisation.

The extent of the insurance available to students under the personal accident insurance is limited and medical benefits are only paid after Medicare and private insurance claims have been made.

The university insurance does not cover students undertaking work experience that is not approved and not related to their course. Insurance does not cover motor vehicle insurance.

Further details on Charles Sturt insurance policies can be obtained from the Division of Finance website (refer [resources](#)).

Students are required to report any accidents or misadventures that occur on placement by contacting one or more of the staff listed in the [contacts](#) section.

An emergency could include, but not limited, to situations such as:

- An accident on way to, at location of, or travelling home from the placement site.
- Becoming seriously ill on, or travel to or from the placement site, where medical treatment is required.
- Being exposed to a health or occupational hazard at the placement site.

- In case of fire (not a fire drill) at the placement site.
- Being exposed to harassment, sexual or physical/verbal abuse at the placement site.

If any of the above events or other situations, that you deem to be unsafe, occur while you are on placement you should in the first instance:

All accidents, incidents, hazards and near misses must be reported within 24 hours or as soon as possible after the event.

REPORT AN INCIDENT

7.3. Crisis counselling

If you require immediate crisis counselling call the appropriate [State Centre](#) immediately.

7.4. Student counsellors

There may be some instances while you are on placement where you may be confronted with sensitive material or find yourself in a distressing situation. The university can help if you find yourself needing to talk to someone and we encourage you to do so. If you require support, the following options are available:

The Charter reflects our community's shared values of being *Insightful, Inclusive, Impactful and Inspiring*, and our commitment to excellence, integrity, and sustainability in teaching and research.

11. Professional behaviour

Your performance while undertaking placement is judged in relation to how you conduct yourself in a workplace environment. Appropriate behaviour is considered fundamental and underpins all aspects of professionalism.

Being punctual and following required notification procedures when unwell or unable to fulfil expected work commitments form part of professional behaviour. Respect for client/s, workplace colleagues including your supervisor is extremely important and it is crucial you develop and exhibit these behaviours.

11.1. Email addresses

The [WPL](#) team advises careful consideration of the email address you provide Charles Sturt, ensuring it does not contain any characters or words that could be perceived as inappropriate. The professionalism of your email address is of utmost importance, as it will be provided to your supervisor during placement. It is possible that unsuitable email addresses may lead to supervisors forming preconceived judgements about you. If required, please update your email with an appropriate address via the Student Portal website (refer [resources](#)).

If you utilise multiple email addresses, please conduct regular monitoring of the university registered address as all WPL system generated correspondence will be forwarded to it.

11.2. Social networking

It is quite common for students to be members of social networking sites such as Facebook or Twitter. While these sites are excellent tools for keeping in touch with friends, please think carefully how comments about workplaces, supervisors and clients of the organisation could be perceived. It is strongly recommended not to invite supervisors or other staff to join your social networking site.

It is not professional behaviour to access social networking sites while on placement unless specifically directed by your supervisor and is task relevant.

11.3. Confidentiality

Whilst on placement you may be exposed to confidential details. Students are expected to maintain all such information with the strictest confidence.

12. Helpful hints

While on placement ensure you:

- Develop a clear understanding of the supervisor's expectations for all aspects of placement.
- Discuss your placement expectations with the supervisor.
