Asset No. CSCS 0412 No.1

(Located Building 13 Library Wagga Wagga)

MAINTENANCE

DAILY

Wash Tank and Tank Filter

Filter

WEEKLY

Remove and wash Squeegee Remove and wash Pad

Wipe down machine exterior

MONTHLY

Wash out and clean Water Filter A

TROUBLESHOOTING GUIDE

1. Leaving water behind, not sucking

- check water tank lid and drain hose are sealed
- check water tank is not full
- check filter B is clean and not blocked
- remove and clean squeegee

2. Not enough water on pad

- check water level in tank
- check water tap is on, marked 'C'
- remove and clean filter 'A' (seek assistance as required)

3. Waste tank is foaming

- too much, or wrong, chemical – use low foaming chemical such as Accolade.

Locations for Troubleshooting
