

Human Research Ethics Committee

Externally approved proposal

v200116

The National Statement encourages HRECs to reduce the duplication of ethical review of research proposals to be conducted at more than one site.

If your project has already been approved by another HREC (external to CSU) then you do not need to complete an additional new application on a HREA form.

Please use this form to request CSU HREC approval for a project already approved by an external HREC. You are required to include the following with this completed form:

- The original application considered by the other approving HREC;
- A copy of the approval letter provided by the other approving HREC; and
- Any documentation which will require revision for use at CSU. For example plain language information sheets and consent forms providing CSU contacts and procedures.

The **Primary Contact** is the CSU researcher leading CSU involvement in the research activities and is responsible for notifying the committee by completing and submitting this form to ethics@csu.edu.au.

All fields with a red border are required.
