-----------------------------	-----------

Further information: In this position, the Cadet Engineer will work collaboratively as part of an integrated multi-disciplinary team across a variety of projects. The Cadet may be involved in assisting with engineering design work, drafting, engineering documentation (including drawings, calculations, reports and feasibility studies), quoting and estimating, project management, and liaising with clients, project leads and other GHD employees.

Opportunities are available within the following teams, depending on the cadet's preferences:

- Civil/Structural Engineering
 - Geotechnical Engineering
 - Water Infrastructure
 - Project Management
-

Eligibility requirements:

- Right to work in Australia
- Strong teamwork, communication skills and attention to detail
- Willingness to learn

How to apply: Please click [here](#) to apply. Your application should include your current academic transcript, CV and cover letter (which outlines your current year within the program and your discipline/team of preference).
