

Year 1 Session 1	CHM104 Chemistry 1A	MTH105 Introductory Mathematics	SCI101 What is Science?	Elective
Year 1 Session 2	CHM107 Chemistry 1B	IKC101 OR ENM111*	Elective	Elective
Year 2 Session 1	CHM215 Inorganic Chemistry	CHM216 Organic Chemistry	STA201 Scientific Statistics	Elective
Year 2 Session 2	CHM214 Physical Chemistry	CHM213 Analytical Chemistry	CHM321 Laboratory Management Issues	SCI201 Science in Modern Society
Year 3 Session 1	CHM323 Instrumental Analysis 1	CHM335 Analytical Chemistry Industry Experience	STA308 Experimental Design and Analysis	Elective
Year 3 Session 2	CHM324 Instrumental Analysis 2	Elective	Elective	Elective

Key Major Core subjects Elective

*IKC101 Indigenous Australian Cultures, Histories and Contemporary Realities OR ENM111 Indigenous Environmental Studies.

Most subjects have prerequisite(s) or assumed knowledge which informs the sequence in which they should be completed, as in this enrolment pattern. Check the Handbook for prerequisite(s), assumed knowledge and any course enrolment restrictions, especially for electives.

Electives can be chosen to complete a second major, from a range disciplines in the BSc, or from within the university (assuming course enrolment restrictions do not apply).

Electives must be chosen so that the overall course level requirements are met: a minimum of 48 points (six standard 8-point subjects) at Level 3 and no more than 80 points (10 standard 8-point subjects) at Level 1.
