University

2026 Professional Experience Placement Calendar

The professional experience placement calendar outlines the scheduled placement days and dates for all Initial Teacher Education Professional Experience (EPT) subjects across Charles Sturt University's teaching courses for 2026. It is designed to assist students, supervising teachers, and professional experience coordinators in schools in planning and preparing for upcoming work-integrated learning opportunities.

Please note that while every effort is made to ensure accuracy, placement dates may be subject to change based on individual student requirements. The total number of required placement dates may vary slightly, depending on students' course progression and/or individual circumstances.

Please refer to the official online version of this calendar to ensure you are viewing the most current placement dates. For further inquiries or support regarding specific placements, please contact the Workplace Learning Team at FOAE-WPL@csu.edu.au or visit <https://arts-ed.csu.edu.au/work-integrated-learning/education>.
