

# Project: Road Carpark Upgrade, Orange campus

**Location:**  
Carparks 9, 8,7 & 6 and the road way adjacent to these carparks

**Time Line:**  
23<sup>rd</sup> December 2015 – 29<sup>th</sup> January 2016

**Project Cost : \$350,000.00**

**Brief:**  
The Division of Facilities Management is rolling out the 2015 – 2016 planned program works that involves upgrades to roads and carparks on the Orange Campus. The works include Carparks 9, 8,7 & 6 and the road adjacent to these carparks. This area will be closed to all vehicles for the duration of the works.

Works will commence from the **23<sup>rd</sup> December 2015** and that, weather permitting, will be completed by **29<sup>th</sup> January 2016**.

During the construction, traffic management processes will be in place. Vehicles coming to the University will have two options:

1: Traffic travelling from Orange along Leeds Parade and entering via the main entrance or;

2: Traffic travelling from Orange along Leeds Parade can enter via the Secondary entrance to travel to CSU Equine, Horticultural and sporting facilities.

**(See Figure 2 - Detour Traffic Plan)**

Further messages will be placed on "What's New" and information including the site and traffic management plans will be available from the Divisions website
