Candidate Statement

Associate Professor Jane Quinn

My experience of serving at academic Senate for a partial term in 2018 has indicated to me how important it is to have active research representation at this forum, for the integrity and future expansion and progression of the University as an academic institution of national importance. My commitment to providing quality research outcomes for rural Australia also drives my wish to represent the FoS to ensure that this important University governance structure is sensitive to the research requirements and Governance needs of our research active staff and students.
