Choose your pathway to university

Diploma of General Studies

The Charles Sturt University Diploma of General Studies is a great option if you want to upgrade your qualifications while preparing for university study.

This course is a one-year full-time pathway that can be studied on campus or online. It also guarantees you entry into most Charles Sturt University bachelor's degrees.

Designed to prepare you for degree studies, the Diploma of General Studies includes six foundation subjects and two electives.

You'll cover academic and digital literacy, numeracy, Indigenous studies and two elective subjects based on your degree goals: Humanities or Science. Depending on the degree course you want to study, you may also get credit for first year subjects.

The Diploma of General Studies is for Commonwealth supported place (CSP) students only and is eligible for HECS-HELP loans.

Charles Sturt University Pathway Course

The Charles Sturt University Pathway Course is new in 2020. It's a great option to prepare for degree studies and is ideal if you are looking for flexibility in your studies. It also guarantees you entry into most Charles Sturt University bachelor's degrees.

Available in sessions 1 and 2, this course consists of four subjects. You can choose either the foundation option or the Humanities or Science streams option based on your preparation needs and the degree you want to study.

Study full-time and gain entry into your degree the following session, or part-time over sessions 1 and 2. You can study on campus or online. Depending on the degree course you want to study, you may also get credit for first year subjects.

The Charles Sturt University Pathway Course is FREE for all Commonwealth supported place (CSP) students and is a non-award course.
