

## How to download Adobe Connect content files

You can also download any of your uploaded content from Adobe Connect via this process:

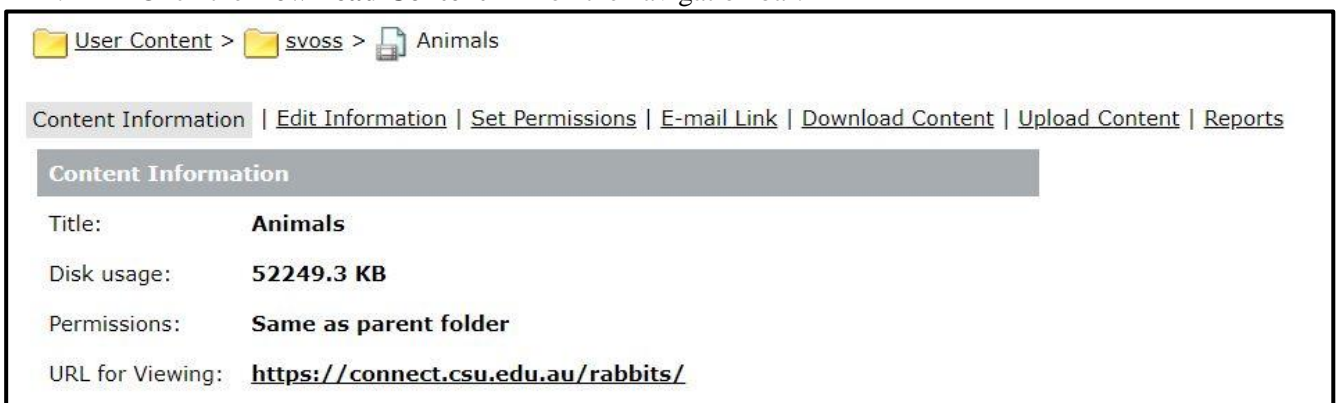

1. Log in to [Adobe Connect Central](#), with your CSU username and Adobe Connect password.
2. Locate the content that you want to download and keep. You will generally find these files stored under either **My Content** or **Shared Content**.

3. Click on the content item link for the file you wish to keep.

4. Click the **Download Content** link on the navigation bar.

5. Then click on the file listed under **Download output file(s)** to save to your hard drive.
