Online Audience Engagement

What are we talking about here?

- Forms of interaction, participation or energy boost?

- Soliciting ideas, opinions and feedback?

- Making participants feel valued?

- Providing alternate channels for participants to have their specific

  needs identified?

- Differentiation between didactic teaching → collaborative

- Timing → synchronous / asynchronous?

- Pre - during - post live event?

Zoom Marketplace App

- Allows you to access and launch your menti activities within zoom meetings

- Installed via either the desktop app OR in live meeting via 'Apps'

- Sign in with SSO (single sign on) → CSU credentials when prompted

- The 'process': **locate → invite → share**

Menti-Zoom App Cheat Sheet (DOMS)

Zoom Polls

- Allows you to access and launch your menti activities within zoom meetings

- Adding polls in the zoom portal → click into the meeting and scroll to the bottom (Polls / Quizzes → Create)

- Advanced poll types (matching, ranking, open response, cloze)

- Results not shared

- Access to poll creation (prior) for alt-hosts needs to be enabled ('edit meeting')

- No editing of polls possible during 'live' meeting, although new polls can be created and launched

Charles Sturt University | Celebrating 30 years in 2019

Choose what you would like to create

This poll/quiz will be used for (202260 PD) Online Audience Engagement: Mentimeter vs Zoom Polls

Poll
Present polls in a meeting and report real-time results

Advanced Polls and Quizzing
Add different question types and images to polls. Set answers for quizzes.

Teaching Ideas

..what else ya got?

- Synchronous / Asynchronous

- Icebreakers / initial tasks

- Brainstorming (word cloud / open ended)

- Opinions (multiple choice / scale) - repeat beginning & end

- Checking progress (multiple choice / scale / ranking)

- Self-assessment (in preparation for class)

- Tests and quizzes (non-assessable | self check)

- Q&A (crowd sourced and anonymous) - pro-tip: leave open!

Tips n Tricks

..you will be invoiced shortly for these at the standard rate.

- Always - test run (student) before you go live (own mobile / pc)

- Single method to engage (code or link) - think about it

- Folders to organise your activities - there will be many

- Introduce activities early (chat box, on screen)

- Plan your time well ... students need time to interact

- Use images and GIFs to grab attention

- Data / results from the activities?
