Why choose Charles Sturt University?

Take the first step to a successful career, experience a new culture, and join us in our mission to create a world worth living in.

Our graduates get jobs

We're #1 in Australia for grads who get jobs, with 90% of Charles Sturt undergraduates gaining full-time employment within 4 months of graduating.* Employers know Charles Sturt grads are skilled, confident and ready to get to work.

High in graduate salaries

Charles Sturt is ranked second among Australian universities for graduate salaries for both undergraduate and postgraduate students, with a median of \$75,100 and \$104,400 respectively.*

Competitive tuition fees

We offer affordable tuition fees compared to other Australian universities, with generous scholarships on offer. This cost-effectiveness, combined with high-quality education, makes Charles Sturt University an excellent choice for students seeking value for their investment.

Extended post-study work rights

By living and studying on-campus in a regional area, you could be eligible for extended post-study work rights - meaning you'll have more time to find work to put your qualification into practice after graduation. Check the Department of Home Affairs website for more information.

→ immi.homeaffairs.gov.au

Hands-on learning that connects you with industry

Live, breathe and practise your career in a wide range of leading campus facilities including AgriPark, a digital farm, simulation labs, community health clinics and a veterinary teaching hospital. Our students learn from expert academics and take advantage of our industry partnerships including IBM, Adecco, NSW Education, NSW Health, Spark Labs Cultiv8 and Boyce.

Beyond the classroom, we will support you from day one

Great support is part of the experience. When you study with Charles Sturt University, we're in it together. We believe we only succeed when you succeed, so we provide a range of support options and encourage all our students to use them.

→ study.csu.edu.au/international

*Good Universities Guide 2025/26

At Charles Sturt University, you will gain an internationally recognised qualification and be provided with the opportunity to have an Australian experience like no other.

During your studies in some of the best learning and teaching facilities, you will receive world-class education and excellence in student support, not just academically but personal support services. This will enable you to thrive, not only throughout your degree, but as you move forward into the workforce.

We have forged strategic partnerships with industries to create growth pathways and increase work-integrated learning placements, expanded our reach to provide further global immersion opportunities and learning abroad programs. We focus on practical, hands-on learning and have the highest graduate employment rate of any university in Australia.

Our regional campus environments are unique and full of Australian native wildlife. Our class sizes are typically small to maintain a quality of teaching that ensures you get the most out of your education.

I am confident that your studies will equip you to have a bright future and undertake a successful career. We look forward to welcoming you to Charles Sturt University, where you will be a part of a vibrant community, make life-long connections and receive the support and the attributes you need to succeed in today's global workplace.

Professor Renée Leon PSM
Vice-Chancellor and President

Choose how you study with us

Study with Charles Sturt University – in Australia or from your home country. Professional education by industry experts with students from Australia and around the world.

Whichever way you study with us, it's the Aussie university experience you've been looking for.

In Australia

Study in Australia at a Charles Sturt University campus in Albury-Wodonga, Bathurst, Canberra, Dubbo, Melbourne, Orange, Port Macquarie, Sydney or Wagga Wagga.

Online

We're Australia's online university of choice - more students choose to study online with Charles Sturt University than any other university in Australia. (Department of Education, Skills and Employment Higher Education Statistics)

With a partner institution

Study with a Charles Sturt University partner in Australia or in selected overseas locations, such as Cambodia, China, Hong Kong or Sri Lanka.

Study Abroad and Exchange

If you are studying at another university in your home country, you could spend one or two sessions at Charles Sturt University in Australia as part of our Study Abroad and Exchange program.

→ study.csu.edu.au/international/study-with-us

Charles Sturt is Australia's #1 public uni for undergrads who get jobs*

*Good Universities Guide 2025/26

Life in Australia

Culture

Australian people are friendly and welcoming. We are a country known for our cultural diversity, with 30 percent of our population born overseas and more than 260 languages spoken in Australian homes. After English, the most common languages are Mandarin, Italian, Arabic, Cantonese and Greek.

Charles Sturt University is based in the state of New South Wales (NSW) which borders the states of Queensland, Victoria and South Australia.

Our main campuses are in some of the fastest-growing regional cities and towns in NSW, which means you can have city living with the benefits of a regional lifestyle. Each Charles Sturt campus is unique and home to Australian native wildlife, such as kangaroos, koalas and kookaburras.

Main campuses climate

NSW lies in a temperate zone. This means the weather is relatively mild with well-defined seasons that feature hot summers and cold winters.

Albury-Wodonga	15.6–31°C (60.8–87.8°F)	3.5–14°C (38.3–57.2°F)
Bathurst	13.1–27.8°C (55.6–82°F)	1.4–12.9°C (34.5–55°F)
Dubbo	17.3–32.3°C (63.1–90.1°F)	3.6–16.6°C (38.5–61.9°F)
Orange	11.9–26°C (53.4–78.8°F)	0.9–10.7°C (33.6–51.3°F)
Port Macquarie	18–27.5°C (64.4–81.5°F)	7.1–19.6°C (44.8–67.3°F)
Wagga Wagga	15.6–30.8°C (60–87.5°F)	3.4–13.8°C (38.1–56.8°F)

Live and work

What is it like to live and study in Australia?

Student life

Our study locations offer international students a safe, friendly, and genuine Australian cultural experience.

Each campus has a range of clubs and groups you can join. Clubs offer you the chance to connect informally with other students.

Australia is a safe place to live and our health system is considered one of the best in the world. At Charles Sturt, we have a range of services and information available to help keep you healthy and happy.

We organise regular catch-ups and events specifically for international students. You can network and explore various parts of Australia together, such as national parks and wildlife sanctuaries

Working while studying

There are plenty of off-campus and some on-campus opportunities to work part-time while you are studying. Part-time work is also a great way to make new friends and broaden your social connections.

Once you have enrolled with Charles Sturt University, our student portal has career services support and advice to help you get started looking for a job.

Remember, it is up to each student to check and understand the conditions of their visa and make sure they are doing the right thing.

→ study.csu.edu.au/international/live-and-work

Our campuses

At Charles Sturt, we're geographically gifted. We have six campuses across regional Australia in Albury-Wodonga, Bathurst, Dubbo, Orange, Port Macquarie and Wagga Wagga, as well as new metro locations in Sydney and Melbourne.

Our campuses are safe, close-knit communities. Your lectures, tutorials, practical workshops, cafés, the gym and the all-important library are just a short walk from one another.

Small class sizes mean that you get the attention you need and you'll have a one-to-one connection with your lecturers and tutors.

Albury-Wodonga

Population: 103,141

Located on the border of New South Wales and Victoria, the twin cities of Albury and Wodonga have a great range of shops, theatres, cafés and restaurants.

The Albury-Wodonga campus is Australia's first environmentally sustainable campus. Rich in flora and fauna, it is a relaxing and eco-friendly campus with state-of-the-art teaching facilities.

Explore nature

We have our own mountain bike trail on the Albury-Wodonga campus. So, get on your bike and explore what one of Australia's greenest campuses has to offer.

Bathurst

Population: 46,202

Bathurst has a rich history – not least as the centre of Australia's first gold rush. Today, the city has many bars, restaurants, and local wineries, as well as numerous sporting and social activities

Bathurst campus offers a great mix of country and city. It sits in a semi-rural setting but is just a short walk from the centre of town.

Get on the air

We run a community radio station on campus. You could be part of the diverse group of volunteers who bring 2MCE to radios all around Bathurst.

Dubbo

Population: 55,843

It's a place where cattle farms and cafés are within minutes of each other. Where the people are relaxed, friendly and welcoming – when they ask how you're going, they really mean it.

Going to university in Dubbo, you can truly achieve that work-life-study balance everyone talks about.

Improve peoples lives

At Dubbo, we keep things focused when it comes to courses. Social work, nursing, teaching: if improving people's lives is your passion, Dubbo is the campus for you.

Orange

Population: 42,977

Set among rolling hills, Charles Sturt University's campus at Orange is small enough to have a relaxed, community feel but big enough to give you everything you need for the complete university experience.

Orange is renowned for its food. It has numerous cafés, restaurants and bars in which to sample the fantastic produce of the region, as well as boutique shops and extensive sporting facilities.

Take in amazing views

You can see the picturesque landscapes of Orange and surrounds from Pinnacle Lookout on Gaanha bula (Mount Canobolas). The views at sunrise or sunset are well worth the walk!

Port Macquarie

Population: 51,480

Situated in northern New South Wales, Port Macquarie is one of Australia's most beautiful coastal towns. Port Macquarie is the university's newest regional campus. It includes brand-new student accommodation, world-class laboratories and facilities, as well as indoor and outdoor spaces, so you can study in the sunshine.

See the koala trail

Our campus is home to resident 'koala' Professor Eugene Eucalyptus. Make sure you get a selfie with the Prof and all his friends – there are 77 other colourful koala sculptures all over Port Macquarie for you to find.

Wagga Wagga

Population: 70,233

The biggest inland city in New South Wales is home to our biggest campus, spanning 640 hectares. The Wagga Wagga campus includes a university farm, equine centre, experimental winery and a huge range of industry-standard facilities.

Relax by the pool

When you study in Wagga Wagga you'll be able to take a refreshing dip between classes. Yep, we have an outdoor pool on campus!

Our metro locations

Be ready for a learning experience with Charles Sturt University Sydney and Melbourne that will stay with you forever.

Sydney

Population: 5,557,233

Charles Sturt University Sydney one of our university's two new capital city locations. Situated in the vibrant heart of North Sydney, the campus is within easy reach of the iconic Sydney Harbour, bustling CBD and famous beaches. Sydney is ranked #7 on the QS World University Ranking of student friendly cities*.

Our new campus offers the perfect blend of modern amenities and academic excellence. Along with a wide range of support services, you'll have everything you need to commence an exciting career and establish lifelong connections.

*QS Best Student Cities Ranking 2024
^ Economist Intelligence Unit Global Liveability Index 2023

Melbourne

Population: 5,350,705

Proudly ranked Australia's best student city and #4 globally*, Melbourne is home to Charles Sturt University's newest campus. Located in the heart of the CBD, our Melbourne hub places you at the centre of everything the city has to offer.

Renowned for its comprehensive public transport network, colourful art scene and diverse culture, Melbourne is consistently classed as one of the world's most liveable cities^*. Safe and welcoming with every amenity at your fingertips, Charles Sturt University Melbourne combines vibrant city living with the inclusive culture we're known for.

*QS Best Student Cities Ranking 2024
^ Economist Intelligence Unit Global Liveability Index 2023

Charles Sturt University Sydney and Charles Sturt University Melbourne are operated by the Navitas Group through the College of Business & Technology (NSW) Pty Ltd ABN 72 113 382 684 under a service agreement with Charles Sturt University ABN 83 878 708 551.

Living at Charles Sturt

Wherever your studies take you, with Charles Sturt you'll get a warm welcome. Our regional campuses have affordable, comfortable, safe and secure accommodation, so you can enjoy a stress-free living experience. The best bit - every international student is guaranteed a room*.

And that's not all.

- All-inclusive costs - no extra bills to worry about.
- No bond required.
- All rooms fully furnished.
- All accommodation has internet access at no extra cost.

Everyone is different, and we want to make sure your on-campus experience suits you. We have a variety of accommodation across our campuses from classic dorm-style to ensuite rooms with shared common areas and facilities.

- Stay throughout the year or stay during your study sessions and vacate during the breaks.

You're conveniently at the heart of the action - everything from your lectures to your mates is on your doorstep.

*For full terms and conditions, please see website.

→ accommodation.csu.edu.au

Weekly cost of living

As a guide, the recommended 12-month living cost for a single student is AUD\$29,710. This table outlines estimated weekly costs for common student expenses.

Budget breakdown

What I'll need	How much it could cost
Accommodation	\$187-\$347 per week
Food	\$80-\$150 per week
Utilities: water, electricity and gas	\$0- included in your accommodation package
Internet	\$0- free on campus for Charles Sturt students
Entertainment	\$50-\$75 per week

The above is an estimate for those living on campus. This will vary when living off campus, your city and how far away from the campus you live.

Please note: prices are subject to change. All prices in this prospectus are quoted in Australian dollars (AUD\$) unless otherwise stated

→ accommodation.csu.edu.au

Scholarships

Our support for international students goes beyond the classroom. Get a helping hand with a Charles Sturt scholarship designed to support students just like you.

Studying in a new country is a big step and we know a little bit of financial support can go a long way.

International students who study at Charles Sturt University can apply for government-funded, externally funded and university-specific scholarships at bachelor, master and PhD level.

Charles Sturt offers generous coursework scholarships for international students:

- Vice-Chancellor International Excellence Scholarship (50% tuition fee discount)
- Joint Cooperation Program Excellence Scholarship (50% tuition fee discount)
- International Diversity Merit Scholarship (30% tuition fee discount)
- International Student Merit Scholarship (25% tuition fee discount)
- International Diversity Scholarship (15% tuition fee discount)
- International Student Support Scholarship (10% tuition fee discount)

→ study.csu.edu.au/international/scholarships

Research at Charles Sturt

- Charles Sturt University has a dedicated research centre, the Gulbali Institute, focusing on agriculture, water and environment.
- Collaboration and interdisciplinary research is actively encouraged.
- Support is provided for research students through supervision, seminars and workshops.
- Charles Sturt University's staff profile includes around 140 professors, including 15 strategic research professors employed to further enhance our research capacity.

Charles Sturt University operates in a paradigm of research excellence and partnership. We aim to provide meaningful outcomes for industry, government, business and communities. We are committed to building knowledge and innovation to meet the needs of people across our regions, the nation and the world.

We focus our research on three key interdisciplinary areas.

Resilient people – our research contributes to the development of educated, healthy, resilient people.

Sustainable environments – we develop sustainable solutions for agriculture and water resources, while enhancing the biodiversity of our environments and strengthening ecosystems.

Flourishing communities – our research contributes to developing communities, helping them to thrive economically and form strong social frameworks where diversity and harmony can reside.

For information on applying to study a Higher Degree by Research with us, see page 46.

Our facilities

Clinical simulation centre

Experience real-world scenarios while you're still in training. Our simulated environments teach you to think on your feet when dealing with an emergency situation.

Community Engagement and Wellness Centre

Here, our occupational therapy, physiotherapy and speech pathology students get to work directly with the public – gaining hands-on experience and giving back to the community.

Lab and gym spaces

Build your skills, knowledge and confidence in our anatomy lab and musculoskeletal and neurological rehabilitation gym space. You'll learn all about the human body and have the chance to develop your anatomical knowledge – working with real patients from the start of your degree.

Simulation pharmacy

Practice makes perfect – so working in our simulation pharmacy is the perfect preparation to hit the ground running and be ready for the real-world pharmacy environment.

Allied health

Winery

Explore the science of winemaking using grapes mostly sourced from our alumni viticulturists at our purpose-built experimental winery. You'll also have the chance to be part of research programs that steer the future of Australia's wine industry.

Glasshouse facilities

Find out how crops grow with specialist mechanical, lighting and humidity systems in our modern glasshouses.

National Life and Sciences Hub (NaLSH)

Research food security and human, plant and animal health at our purpose-built facility that includes four large research laboratory spaces and a phytotron building housing controlled environment and growth chambers.

On-campus farm

With Charles Sturt, you'll have access to 2000 hectares of prime mixed farming land and agricultural research institutions – so you can gain real-world experience with paddocks, crops and farm animals.

Rhizolysimeter

Research root growth using the most sophisticated rhizolysimeter in the southern hemisphere. This state-of-the-art facility simulates crop growth in order to investigate its impact on dryland salinity.

Wine tasting and sensory rooms

Uncover the complex relationships associated with grape production, wine composition and wine sensory features. Develop your practical skills by tasting and assessing wines in our purpose-built facility.

Wine laboratories

Make new discoveries about wine production and conduct research in our state-of-the-art laboratories.

Agriculture and environment

Olympic-standard equine centre

Both equine science and veterinary science students have the opportunity to experience the excellent equine training and competition centre at Charles Sturt's Wagga Wagga campus. You'll also have access to other facilities like a high-speed treadmill, large covered horse walker and numerous stables and yards.

On-campus farm

With Charles Sturt, you'll have access to 2000 hectares of prime mixed farming land right at your doorstep. It is also home to our Global Digital Farm, an integrated digital learning, innovation and research environment working within a full scale, commercial, mixed farm operation. You'll also have the chance to work with on-campus research institutions – so you can gain real-world experience across a range of animal sciences.

National Life and Sciences Hub (NaLSH)

Get hands-on and learn the underlying sciences for animal health in our state-of-the-art, purpose-built science facility. You'll have the chance to work in four large research laboratory spaces and have access to world-class equipment from day one.

Veterinary clinical centre

Here, you'll find a modern large animal hospital with operating theatres, an intensive care unit, sophisticated diagnostic facilities, isolation boxes, a reproductive unit and small animal teaching labs.

Veterinary pre-clinical centre

The pre-clinical centre is a hub for teaching veterinary anatomy and physiology, with light-filled, spacious laboratories, tutorial rooms and a veterinary museum. This space also includes a mock consultation room, so you have the chance to develop your communication skills.

Veterinary diagnostic laboratory

Build your practical skills and training by providing veterinary diagnostic services to the region's veterinary community and livestock producers.

Animal and veterinary sciences

Dental and Oral Health Clinics

Located on the Albury-Wodonga, Bathurst, Dubbo, Orange and Wagga Wagga campuses, these clinics are where you'll put theory into practice throughout your course. The dental and oral health clinics are your essential hands-on workspaces, where you'll transition from simulated learning to real-world clinical practice.

The best bit? You'll start seeing real patients from your second year of study!

Dental Simulation Clinic

Hone your clinical skills in our simulation clinic using our state-of-the-art dental equipment – just like the ones they use in industry. So when we say simulation, we mean it. It will feel like you're treating a real patient, so you'll be developing your precise motor skills as you learn.

Human Anatomy Facilities

Get to grips (literally) with anatomical simulations of the skeletal, muscular, vascular and nervous systems of the human body.

National Life and Sciences Hub (NaLSH)

Conduct diagnostic tests in our dedicated anatomy and physiology labs.

Dental Technology Laboratory

Learn all about dental prosthetics and dental material science in our dental technology laboratory. You'll construct appliances like dentures, occlusal splints and mouthguards for your patients – and reap the rewards of making a real difference in the lives of others.

Medicine and health

Let's chat online

The world becomes your classroom

Ready to take your learning into the real-world? And when we say real world – we really mean it.

As Australia's largest regional university, we're located within some of the country's most beautiful and untouched natural environments. So whether you're an on-campus or an online student, you'll have the chance to get some dust on your boots and dirt on your hands.

Both our Albury-Wodonga and Port Macquarie campuses have access to protected areas, rivers, lakes, hiking and mountain bike trails, caves and cliffs. Albury-Wodonga also has a local alpine area, while Port Macquarie is home to marine and coastal environments.

Studying online? Don't worry, you'll have a chance to become one with nature too. There are opportunities to undertake expeditions to areas such as the Australian Alps, Mungo National Park and the Sturt Desert. You could also complete practical placements anywhere from the Tasmanian wilderness to Australia's far north.

Good Universities Guide 2025/26

Bachelor of Environmental Science and Management

Enrolment information

Campus	Albury-Wodonga
Course duration	3 years
Session intake	March, July, November
	Please note: July and November intake is for online only

Good Universities Guide 2025/26

Bachelor of Physiotherapy

Enrolment information

Campus	Albury-Wodonga, Orange, Port Macquarie
Course duration	4 years
Session intake	March
Indicative yearly fee	\$40,400
IELTS	7.0, no score lower than 7.0
Study mode	On campus
CRICOS	O39053K

Tuition fees are for the current year only and are subject to change annually and may vary based on enrolment patterns and academic progress.

Course description

Passionate about physical health and wellbeing? Looking for a rewarding career helping people to feel their best? With a proud history spanning two decades, the Bachelor of Physiotherapy from Charles Sturt University has a reputation for producing highly sought-after graduates who have gone on to launch successful physiotherapy careers.

Career opportunities

You'll find roles in hospitals, community health, rehabilitation, aged care and sports therapy clinics. Employment opportunities are also found in education, management and research.

→ study.csu.edu.au/international/physio

Bachelor of Oral Health (Therapy and Hygiene)

Enrolment information

Campus	Wagga Wagga
Course duration	3 years
Session intake	March
Indicative yearly fee	\$44,560
IELTS	7.0, no score lower than 7.0
Study mode	On campus
CRICOS	O77426D

Tuition fees are for the current year only and are subject to change annually and may vary based on enrolment patterns and academic progress.

Course description

The fully accredited Bachelor of Oral Health (Therapy and Hygiene) from Charles Sturt University qualifies you to work as an oral health therapist in Australia. As a graduate, you'll help combat the national chronic shortage of oral health professionals, while also making a valuable contribution to the health of your community.

Career opportunities

As soon as you graduate from the Bachelor of Oral Health (Therapy and Hygiene), you can register with the Australian Health Practitioner Regulation Agency (AHPRA). Pursue a career in general or specialist dental practice, public sector dental health, Australian defence forces (Army, Navy or Air Force), hospital dental clinics, education or research.

→ study.csu.edu.au/international/oral-health

Bachelor of Dental Science

Enrolment information

Campus	Orange
Course duration	5 years
Session intake	March
Indicative yearly fee	\$72,240
IELTS	7.0, no score lower than 6.5
Study mode	On campus
CRICOS	O74610F

Tuition fees are for the current year only and are subject to change annually and may vary based on enrolment patterns and academic progress.

Course description

If you have a real desire to improve people's health, wellbeing and enjoyment of life, dentistry may be the ideal career for you. The fully accredited Bachelor of Dental Science from Charles Sturt University qualifies you for registration as a dental practitioner in all Australian states and territories.

Career opportunities

As a dental science graduate, you'll contribute to combating the chronic shortage of dental and oral health workers Australia-wide. Once registered as a dentist, the job prospects are excellent. Most dentistry students know if they have a graduate position by December of their final year.

Good Universities Guide 2025/26

Empowering you to make the world a better place

Coming to study at Charles Sturt from the Philippines, Charlize is following in the footsteps of her family to make a difference in the community.

"I wanted to contribute to the rural healthcare field. Since my parents are nurses, they have always provided me with insights into this field of work.

"And I like the peacefulness when it comes to studying at Charles Sturt, with our campuses surrounded by nature. Studying in a regional area with limited distractions enables me to feel more involved with my education."

She finds the hands-on exercises using mannequins and real-life simulations very useful, allowing her to collaborate with her peers.

Her advice to fellow students?

"Know that you are able to get through the challenges in this rewarding field and make a difference in the lives of others."

Psychology and social work

Master of Arts (Theological Studies)

Enrolment information	
Campus	Canberra, United Theological College
Course duration	1.5 years
Session intake	March, July, November
Indicative yearly fee	\$24,560
IELTS	6.0, no score lower than 6.0
Study mode	On campus, online
CRICOS	107740H (Canberra, United Theological College)
Tuition fees are for the current year only and are subject to change annually and may vary based on enrolment patterns and academic progress.	

Course description

With flexible modes of study, this course will give you a thorough overview of the Bible, Christian theology, church history, and Christian ministry practice. You'll deepen your knowledge, prepare to follow your calling, and foundations for further learning or research.

Career opportunities

After graduating with a Master of Arts (Theological Studies), you'll be ready for further study – or to start out in a new role. Enter the ministry, move into church leadership or chaplaincy, or play a role in church-run, non-governmental organisations or a mission setting.

→ study.csu.edu.au/international/arts-theological-studies

Theology and Islamic studies

Bachelor of Theology

Enrolment information	
Campus	Canberra, United Theological College
Course duration	3 years
Session intake	March, July, November
Indicative yearly fee	\$24,560
IELTS	6.5, no score lower than 6.0
Study mode	On campus, online
CRICOS	O22012C (Canberra, United Theological College)
Tuition fees are for the current year only and are subject to change annually and may vary based on enrolment patterns and academic progress.	

Course description

Taught from a faith-oriented perspective, the Bachelor of Theology from Charles Sturt University will equip you for Christian ministry or leadership – and broaden your horizons. The course is theologically and biblically rich, vocationally oriented, and is integrated with practical experience.

This theology course can be studied online and on campus in three study locations: Canberra, Sydney and Hong Kong. It also offers international study trips to deepen your appreciation of historical and cultural dimensions of the Christian tradition.

Career opportunities

The skills and attributes you gain in the Bachelor of Theology are valued in a broad range of careers. This theology degree can lead to ordained ministry in either the Anglican or Uniting Church, or chaplaincy in a variety of institutional settings, such as schools, military, prisons, police, ambulance, hospital, trade and industry. You could work in the social welfare arms of charities and the church, including overseas development aid, communication functions and pastoral care. The generalist skills and specialist vocational training provided by this course are also transferable to many other fields where you work closely with individuals and communities, including education and counselling.

→ study.csu.edu.au/international/theology

Master of Theology

Enrolment information	
Campus	Canberra, United Theological College
Course duration	1.5 years
Session intake	March, July
Indicative yearly fee	\$24,560
IELTS	6.0, no score lower than 6.0
Study mode	On campus, online
CRICOS	O25512C (Canberra, United Theological College)
Tuition fees are for the current year only and are subject to change annually and may vary based on enrolment patterns and academic progress.	

Course description

The Master of Theology from Charles Sturt University offers depth and breadth in theological education. This course builds on your previous theological study to help you develop an in-depth understanding of major issues in contemporary theology. It provides advanced critical knowledge and skills in the theological disciplines and their application to contemporary society and church.

You'll emerge from this theology degree with a sound knowledge base, well-honed critical skills and a facility in theological methodologies. You'll develop an advanced knowledge of at least one major theological sub-discipline. This course can also provide a pathway to research studies in theology.

Career opportunities

You could work in church leadership with other religious leaders in the community to support and enhance community engagement in the activities of various churches and faiths. There are also opportunities to develop and implement research projects to build critical perspectives across Christian ministry, its history and practice. You could also choose to analyse and improve models of mission and evangelism to build a contemporary approach to mission relevant to cultural and ecclesial contexts. The Master of Theology is also a pathway to further study; the degree equips you to undertake research at the master's and PhD levels.

→ study.csu.edu.au/international/master-theology

Study online

Charles Sturt University is Australia's most experienced provider of online education. Every year, more than 25,000 students around the world study undergraduate and postgraduate programs or single subjects through our world-class online education program. Our students can choose to study from anywhere in the world by undertaking a flexible, professionally recognised Charles Sturt degree online.

Charles Sturt University offers internationally recognised qualifications through an online learning platform that gives our online students an experience that is as academically rigorous and as interactive as on-campus study, with excellent teacher-student and peer interaction. Admission requirements

Academic qualifications

Minimum academic requirements

For international students studying an Australian Year 12 qualification, your selection rank is your ATAR plus any adjustment factors you may be eligible for.

If you're an international student who has not completed an Australian Year 12, we recognise a number of international qualifications for direct entry.

Entry requirements for Charles Sturt University courses vary from country to country. Some courses have specific academic requirements for international students. Refer to the International admissions matrix on page 47 and the website study.csu.edu.au/international/entry-requirements for country and course details.

Applicants with a combination of domestic and international qualifications will be assessed on the basis of their highest eligible qualification.

All applications are assessed on a case by case basis.

Higher Degrees by Research

For admission to postgraduate research programs, you will be required to hold a recognised bachelor's degree equivalent to an Australian bachelor's degree or qualifications deemed to be equivalent. Your academic performance at the bachelor's level will be assessed as part of the admissions process. Applicants are also required to submit a 300-word research proposal outlining the intended area of research. For more information about our research programs, see page 17.

Advanced standing and credit

Charles Sturt University highly values and recognises a range of overseas qualifications, and has developed advanced standing arrangements with institutions in various countries.

These recognition of prior learning (RPL) arrangements enable students to fast track completing an Australian university degree.

For more information about recognition of prior learning, please consult the Charles Sturt credit policy.

For further details on the advanced standing and recognition of prior learning packages available please use our Recognition of Prior Learning search tool available on this page.

→ study.csu.edu.au/international/credit

Additional admission requirements

Some courses have additional admission requirements, which may include interviews or supplementary application forms. These are detailed on the online course brochure for each course.

→ study.csu.edu.au/international/courses
→ study.csu.edu.au/international/contact-us

Competitive entry courses

Competitive entry courses have early application deadlines. These include undergraduate degrees in dental science, physiotherapy and veterinary science. They may involve longer turnaround times due to the assessment of additional criteria. If applicants are deemed to be equally eligible for admission and limited places are available, offers of admission will be made in order of application received date. Please check the course web page for specific information.

Internet access

As the online environment is integrated into all aspects of student life, the university expects that all students will have ongoing access to an internet-connected computer capable of communicating with Charles Sturt University's online systems.

English proficiency requirements

You can normally meet the English Language Proficiency (ELP) requirements for entry to most Charles Sturt University courses by doing one of the following:

- providing evidence of having completed a sufficient standard of study in English
- for undergraduate courses having obtained an Academic IELTS within the last 2 years with:
 - a minimum overall score of 6.0
 - no individual score below 5.5
- for postgraduate coursework courses having obtained an Academic IELTS within the last 2 years with:
 - a minimum overall score of 6.0
 - no individual score below 6.0
- for higher degree by research courses having obtained at Academic IELTS within the last 2 years with:
 - a minimum overall score of 6.5
 - no individual score below 6.0
- obtaining a qualification deemed to be equivalent to academic IELTS (and its minimum scores) by Charles Sturt.

For more information, visit

→ study.csu.edu.au/international/entry-requirements

English language studies

A number of our courses have higher English language proficiency requirements.

Please visit the online course brochure or our website for more information.

→ study.csu.edu.au/international/entry-requirements

To be eligible for admission to a Charles Sturt University degree, you must satisfy both the academic and English proficiency requirements.

For on-campus study, you must also satisfy the Genuine Student (GS) requirements of the Australian Government.

In line with the Admissions Policy and Procedure, international applicants intending to study in Australia on a student visa must be at least 18 years old at the time of accepting their offer of admission.

The admissions policy is available on the Charles Sturt University website

→ about.csu.edu.au/our-university/publications-policy/policy

How to apply

1. Apply online or via an international agent

You can apply online at
→ apply.csu.edu.au

(For some countries Charles Sturt University requires you to apply via an education agent.)

Attach the following documents:

- scanned verified copies or scanned original copies*, together with English translations, of your higher secondary school results and/or your academic transcripts for each year of tertiary study
- scanned verified copy or scanned original copy* of your Certificate of Completion for all tertiary study
- scanned verified copy or scanned original copy* of any other official certificates, such as short courses and diplomas
- evidence of your English language proficiency results, for example IELTS or TOEFL
- scanned verified copy or scanned original copy* of your passport.

* If you are an international applicant, you can submit scanned verified copies or scanned original copies of all your official documentation, except for the courses listed below:

- Bachelor of Social Science (Psychology)(Hons)
- Postgraduate Diploma of Psychology

For more information, visit

→ study.csu.edu.au/international/apply

Some courses require additional documentation such as a portfolio, research proposal, questionnaire, referee reports and/or verification of your employment details. You should check the course description on the online course brochure for additional documents that may be required.

Note: Charles Sturt University does not charge an application fee.

Upload your supporting documents when completing your online application.

Applying via a Charles Sturt University international education agent

Charles Sturt University has formal agreements with international recruitment agents (education agents) in Australia and overseas.

These representatives are trained to assist with:

- comprehensive information about Charles Sturt (campuses, study options, courses, fees, application process, etc)
- submitting an online Application for Admission form to Charles Sturt, including supporting documentation
- visa applications to the Australian Government.

For a list of our agents please visit

→ study.csu.edu.au/international/find-an-agent

Applying for credit

The university does not expect students to repeat study completed to an acceptable standard at a recognised university or college, or to study subjects in which they are already competent because of work or other experience. You should indicate on your Application for Admission if you are applying for credit.

To have your application assessed for credit, you will need to provide a certified copy in English of your academic transcript, a description of the grading system and a description of all the subjects completed, taken from the institution's official handbook.

The university will advise you of your credit once the assessment has been finalised.

For more information, visit

→ study.csu.edu.au/international/credit

2. Offer

If you meet the entry requirements, you will receive a formal Offer of Admission (provisional, conditional or unconditional) by email. This will provide information on the course of offer, starting date and payment of fees. Make sure you have read and understood the details of your Offer of Admission before you commence the process of accepting.

All students may be required to have an interview assessment to determine whether you are a genuine student (GS) to Australia. For more information, visit

→ immi.homeaffairs.gov.au/visas/getting-a-visa/visa-listing/student-500

As part of the admission process you may be required to undertake a GS assessment. Information will be emailed to you once you've successfully submitted your application.

Information on how to formally accept Charles Sturt's Offer of Admission will be provided in your Offer of Admission.

3. Accepting your offer and paying

Once both you and Charles Sturt Admissions are satisfied you have completed all of the additional requirements, you can accept your Offer of Admission by signing and dating the Acceptance of Offer letter and returning it to the Charles Sturt Admissions Office by the due date shown on your Offer of Admission. Please be sure to read all web pages referred to in your offer, including our refund policy and details about accommodation on campus.

The final step in accepting your Offer of Admission is to send payment of your required tuition fee (as outlined in your Offer of Admission or found at study.csu.edu.au/international/course-fees) and mandatory visa-length Overseas Student Health Cover. You will need to accept your offer first before making payment. For more information visit

→ my-offer.csu.edu.au

You will also need to meet any conditions outlined in the offer before electronic Confirmation of Enrolment can be issued.

→ my-offer.csu.edu.au/conditions-of-offer

Please note that there are conditions relating to interruption of studies.

For more information about deferral of offers or study, as well as conditions relating to interruption of studies, please consult the University Admissions Policy and Academic Progress Policy.

→ about.csu.edu.au/our-university/publications-policy/policy

4. Once you have accepted – the next steps

Log on to the Charles Sturt University website

→ student.csu.edu.au

To access the many Charles Sturt services available, you will need a login ID and password. To obtain your login ID and password you need to visit the website and click on the link 'Activate my Login'.

This information provides you with details on how you can 'get online' with Charles Sturt University, whether you are currently considering a university offer or you have already accepted a place and are ready to get started.

Charles Sturt University Orientation

A thorough orientation is essential for successful study at Charles Sturt. The time between accepting your offer and the start of your first session is the perfect time to access Charles Sturt's online orientation to make sure you're ready to start your study at Charles Sturt University.

If you are studying on campus in Australia, you will also have a full, in-person Orientation program the week before classes start.

This will give you the chance to start meeting academics and other students in your course, take part in social activities and find out more about your course requirements.

→ csu.edu.au/current-students/orientation

Pre-departure information

International students studying on campus in Australia need to know some important information that will make your transition as smooth as possible.

→ study.csu.edu.au/international/before-you-arrive

What documents to bring to Australia

Before you obtain your visa, start at Charles Sturt or find work in Australia, we recommend that you put together a file or folder containing all your relevant important documents.

It would also be helpful to obtain and include in this folder the required official English translations of these documents.

Include the following:

- valid passports and student visa (and photocopies)
- Offer of Admission and other material sent to you by Charles Sturt University
- original IELTS (Academic) test results
- certified copies of personal papers, including academic transcripts and any educational or work qualifications you have already completed
- identification papers such as a birth certificate, driver's licence from your own country, proof of citizenship, international driver's permit, marriage or change of name certificate (where relevant)

- documents relating to any prior study
- credit cards
- medical records, immunisation records and school/university records of all accompanying family members
- marriage certificate if your spouse is accompanying you
- receipts for goods (e.g. computers, cameras) you may bring with you to Australia, to assist with assessment of customs duty / sales tax.

Remember, you will need translations in English of all documentation.

Further information

You can visit our website for further information on how to apply, including information on course entry requirements, advanced standing and credit, our policies, and student responsibilities.

→ study.csu.edu.au/international/how-to-apply

Having trouble with your application?

You can visit one of our approved agent offices to help you with your application.

→ study.csu.edu.au/international/find-an-agent

How to apply

(Higher Degrees by Research)

1. Choose your course

Charles Sturt University offers a range of Higher Degrees by Research you can tailor to suit your needs and interests, including the Doctor of Philosophy (PhD) across our three faculties: Arts and Education; Business, Justice and Behavioural Sciences; and Science and Health.

Contact the Sub-Dean of Graduate Studies directly if you know the faculty of your interest. This will give you an opportunity to discuss your research topic and gain advice to improve your chances of being accepted for candidacy.

→ research.csu.edu.au/contact-us

2. Applying

You can apply online at
→ apply.csu.edu.au

When you apply for a Higher Degree by Research, it is advised that you detail your proposed research project as this will be required by the faculty once your application is received. You can apply at any time.

3. Your application is assessed

Your faculty's Associate or Sub-Dean of Graduate Studies will consider your eligibility and the availability of a supervisory team for your project. If your project is deemed eligible and there is adequate supervision, the principal supervisor will complete a faculty admission recommendation form and submit it to the Research Office for university approval. If successful you will then be made an Offer of Admission.

Useful tip

Consider scanning copies of your important documents and emailing them to yourself.

This will give you access to key information from anywhere in the world, and may make it easier to arrange replacement documents if your hard copies are lost or damaged.

study.csu.edu.au/international/how-to-apply/course-entry-requirements

Qualification Notes & Assessment Key

- Singapore A Levels Certificate. Minimum score of 7 based on the calculation of three subjects – three H2 subjects where A = 5, B = 4, C = 3, D = 2, E = 1.
- Malaysia STPM (3 subjects) where advanced level A = 7, A- = 6, B+ = 5, B = 4, B- = 3, C+ = 2, C = 1.
- Malaysia MICSSS/JEC is calculated on 10 subjects where A1 = 8, A2 = 7, B3 = 6, B4 = 5, B5 = 4, B6 = 3, C7 = 2, C8 = 1.
- Sri Lankan GCE A levels (2000 onwards) is an aggregate of 3 academic subjects. Grades are converted as follows: A = 4, B = 3, C = 2, S = 1, F = 0
- India (State Board) scores are based on best four academic subjects.
- India AISSC & ISC (awarded by the Indian Council of School Examinations (ICSE)) scores are based on best four academic subjects.
- United Kingdom, Cambridge GCE A Levels score is based on an aggregate of best 3 or 4 A2 level academic subjects. Grades are converted as follows A+=6, A=5, B=4, C=3, D=2, E=1
- The HKDSE aggregate is calculated on the sum of 5 subjects (including at least 3 core subjects), 5**=6, 5*=5.5, 5=5, 4=4, 3=3, 2=2 and 1=1

• Pakistan: Overall average grades across all academic subjects

• Philippines : Overall average grades across all academic subjects

Annotation symbols

N/A** Students must achieve a minimum GPA in further tertiary studies to be considered for this course. Please contact the university for further information.

++ Minimum grades only, plus additional criteria. Please check the online course brochure for your course for details.

* Minimum; applications will be assessed on a competitive basis.

+ Not all specialisations available at all campuses

*** July intake only available at Bathurst campus

‡ November intake only available at Sydney and Melbourne

^Entry varies from course to course and will depend on your academic performance and course quotas. Our International Admissions Matrix has minimum academic requirements for specific courses.

if you do not meet minimum requirements in the above matrix, or if your country isn't listed, please refer to the following list for minimum requirements to undergraduate courses*.

Australia

• ATAR - 55 (some courses require higher ATAR scores, refer to the International Admissions Matrix above)

• OP - Minimum of 18 = ATAR 55

• USFP - 57%

• MUFY - 46%

• UNSW Foundation - 57%

• Standard Plus Foundation, Standard Foundation and Transition Program (UNSW and UNSW College)

Brazil

• Brazilian Secondary School Leaving Certificate: Grade average of 8.0, or

• Successful completion of a recognised pre-tertiary or foundation program, or

• Successful completion of one year study at a recognised tertiary, or

• Higher education institution is required in addition to the completion of High School studies.

Bhutan

• Bhutan Higher Secondary Education Certificate (BHSEC) completed 2006 onwards with a grade average of 65% in the best 4 academic subjects (excluding languages).

China

- Completion of the first year of a recognised university bachelor's degree, or
- Successful completion of the National Higher Education Entrance Examination (Gaokao) with a minimum score of 60 per cent of the total maximum Gaokao score for the province, or
- Successful completion of Gao San (Senior Middle 3) (Year12) with a minimum score of 75 percent.

Fiji

- Successful completion of the Fiji Year 13 Certificate with an aggregate score for best 3 academic subjects and at least 50% in English.
- Score calculated based on A+=90, A=80, B+=70, B=60, C=50, D=30, or
- Completion of University of South Pacific Foundation Year.

Ghana

- Charles Sturt accepts the Senior Secondary School Certificate / West African Senior School Certificate in conjunction with a minimum of two passes in the GCE A levels for standard entry courses (i.e. courses with a minimum ATAR of 65).

Indonesia

- Successful completion of Indonesian SMU/III or Senior Academic High School Leaving Certificate with GPA of 70.
- Sekolah Menengah Atas (SMA) 3 with a GPA of 75 or 75% or Surat Keterangan Hasil Ujian Nasional (SKHUN or previously STK) with an overall grade average of 7 out of 10.

Japan

- In addition to UAC equivalency: Accept upper Secondary School Certificate of Graduation (Kotogakko Sotsugyo Shosho) with minimum grade 3 out of 5 (excluding subjects Health and Physical Education, Home Economics, Life and Career and Comprehensive Education).

Kenya

- Successful completion of the Kenyan Certificate of Secondary Education with an aggregate score of 53 or higher, based on the best 7 subjects undertaken where A = 12, A- = 11, B+ = 10, B = 9, B- = 8, C+ = 7, C = 6, C- = 5, D+ = 4, D = 3, D- = 2, E = 1.

Mongolia

- Successful completion of School Leaving Certificate (Gerchilgee) with a minimum overall grade of 85%.

Myanmar

- 2 years of Post-Secondary Study Intermediate Certificate with an overall grade percentage of 55.
- Successful completion of minimum 2 years bachelor's degree from a recognised Higher Education institution.
- Successful completion of Associateship of Government Technical Institute (AGTI).
- Successful completion of a diploma, with minimum duration of 2 years, following Matriculation or Basic Education High School Examination.

Nepal

- Higher Secondary Education Certificate or Proficiency Certificate Level plus minimum of one year of study at a diploma or bachelor's degree level at a recognised university or tertiary institution.

Nigeria

- Senior Secondary Certificate Examination (SSCE)/West African Senior School Certificate with an overall grade of Credit (4 to 6).

New Zealand

- Successful completion of New Zealand NCEA Level 3 with a combined score of 213 from the best 5 subjects.

Russia

- Russian Certificate of Secondary Education plus one year of study at bachelor's degree level at a recognised institution.

Saudi Arabia

- Completion of the General Secondary Education Certificate (Tawjihiyya) with an overall average of 80%.

South Korea

- Completion of the first year of a recognised university bachelor's degree with satisfactory grades.
- Successful completion of the South Korean College Scholastic Ability Test (CSAT) with a minimum overall grade of 294 (overall grade is calculated from the results in Korean language, mathematics and and the best two subjects from Science or Social Studies area).

Taiwan

- Senior High School diploma plus one year of study at bachelor's degree level at a recognised institution

Thailand

- Successful completion of Secondary 6 (Matayom 6) and the award of the Certificate of Secondary Education with GPA of 2.0

Turkey

- Lise Diploması plus first year of diploma or bachelor's degree from a recognised institution.

United Arab Emirates

- Successful completion of Middle Eastern Secondary School Leaving Certificate (Tawjihiyya) or Thanawiyya AL-Aama (General Secondary Certificate) with a minimum overall grade of 75%.

Vietnam

- The Chung chi Dai hoc Dai Cuong (First Phase University Certificate).
- Successful completion of Senior Secondary School Graduation Diploma (Bang Tot Nghiep Trung Hoc Pho Thong) with a grade of 7/10 (or 70%).
- Completion of at least one full-time year at bachelor's degree level at a recognised university or tertiary institution.
- A completed award with a minimum score of 24 or above in the International.

Other qualifications approved for direct entry into undergraduate programs

- Oxford International Digital Institute (OIDI): Successful completion of OIDI International Foundation program in Business with a minimum overall grade of Pass.
- Unismarter: Successful completion of Unismarter UG program in Business and Information Technology with a minimum overall grade of Pass.
