Hi everyone! I am Wei (William) Lu. I went to Charles Sturt University's Bathurst campus as an exchange student. While studying a joint cooperation program at Tianjin University of Commerce, China, I was so lucky that I got the opportunity to be an exchange student.

The one-session experience was so fantastic that I decided to study my Master of Professional Accounting at Charles Sturt.

Studying at Charles Sturt is a really rewarding experience. I am so grateful that I had such a great experience with affordable tuition and living expenses.

I loved the small class sizes, which gave me so many opportunities to communicate and discuss with lecturers. I made many lifelong friends while living on campus. Studying in regional Australia let me get involved with campus and local communities as well. I loved going for a bike ride in natural reserves. There are so many benefits of studying at Charles Sturt University!
