FOAE-WPL@csu.edu.au

Updated February 2026

Charles Sturt University – TEQSA Provider Identification:
PRV12018 (Australian University). CRICOS Provider: 00005F.

Important Information

Health compliance is an *optional* requirement.

*This only needs to be provided if you have discussed this with your Placement Establishment Academic (PEA) and they are **actively looking** for a health placement for you.*

*The PEA will request the student to complete the Student Compliance on the **Health Education & Training (HETI)** website.*

All documentation to be emailed to foae-wpl@csu.edu.au for assessment through our NSW Health Clinical Placements Coordinator.

Incomplete health compliance documentation is unable to be assessed

The NSW Health compliance requirements are to be completed for Charles Sturt University students attending Workplace Learning health placements, regardless of your residing state.

Students must be compliant for the duration of their placement. Students are responsible for following up on any additional requirements or expiry of National Police Checks, otherwise the placement will be cancelled by NSW Health.

It is essential for students to read and understand compliance requirements for faculty of Arts and Education Health placements. Students should refer to NSW Health website for further information.

Students are unable to attend a health placement or interviews for placement opportunities until their NSW Health compliance status has been confirmed by the Workplace Learning Team as "Compliant".

Mandatory Documents

National Police Check

- Students must provide a current National Police Check.
- National Police Checks are valid for 5 years from date of issue.
- If a charge or conviction is listed on the National Police Check then students must [apply for a risk assessment](#).
